

# SCREW FEEDER

## SCREW FEEDER: TOKii-3000ABF

**TOKii**

**Reliable performance,  
high cost performance,  
fast feeding speed,  
Automatic feeding  
Strong versatility,  
improve work efficiency,  
save operation time.**

### Product Parameters

|                            |                                  |
|----------------------------|----------------------------------|
| Applicable screw Size      | M1.0-M5.0 ( 1 size for 1 feeder) |
| Screw length               | Max 20 mm                        |
| Input voltage              | AC220V                           |
| Discharge speed            | 60-120 pcs/min                   |
| Effective capacity of silo | 450ml                            |
| Product size               | LX W X H (140 X 163 X 266.5) mm  |
| Weight                     | About 15 kg                      |
| Feeder type                | Rotary feeding                   |
| Working pressure           | 0.4~0.6 Mpa                      |
| Rated power                | 0.15KW                           |
| Tray specifications        | Φ 130 mm                         |
